

Chapter V

Exercise 02 : ft_rev_params

	Exercise 02
	ft_rev_params
Turn-in directory : <i>ex02/</i>	
Files to turn in : ft_rev_params.c	
Allowed functions : write	

- We're dealing with a program here, you should therefore have a function **main** in your **.c** file.
- Create a program that displays its given arguments.
- One per line, in the reverse order of the command line.
- It should display all arguments, except for **argv[0]**.
